

# CITY DUCT CLEANING

*"The Professionals"*

**705-522-2626**

**City Duct Cleaning** is a local, family run business that has been operating in the Greater Sudbury area since 1989.

We are in the business of providing high quality, professional, Indoor Air Quality & Duct Cleaning Services to residential, commercial and industrial customers.

We use a wide array of technically superior cleaning tools, and advanced cleaning processes, which also includes truck mounted duct cleaning equipment. All equipment is PTO driven by a 7.3 turbo diesel engine with 45,000 cfm vacuum and 250 psi air pressure.

## Why Do I need my Ductwork Cleaned?

- ❖ A must for asthma and allergy sufferers
- ❖ Controls Spiders and Dust Mites
- ❖ Saves on Cleaning and Heating Costs
- ❖ Improves air quality in your home
- ❖ If you need to change your filter more than recommended by your furnace specialist, your ductwork likely needs cleaning

For new home builds and newly renovated homes, duct cleaning is a must!

- ❖ All that building dust and debris, from drywall applications, floor installations and repair, is sitting in your ductwork and as the air from your furnace flows out of your heat registers, it picks up dust and contaminants and spreads it through your home.

A Clean furnace and ductwork ensures a breathing –friendly environment

## City Duct Cleaning

- ❖ We have the highest powered Duct Cleaning truck in the business!
- ❖ Our equipment is P.T.O. Driven, with 45,000 c.f.m. of Vacuum & 250 p.s.i. of compressed air
- ❖ Free Furnace Cleaning
- ❖ Over 25 years of serving the residents of Greater Sudbury and area
- ❖ **City Duct Cleaning does NOT use telemarketing services. We do NOT go door to door and we do NOT sub-contract our work to other duct cleaning companies.**

For your residential, commercial and industrial duct cleaning needs call:
